Governor Gray Davis
State Capitol
Sacramento, CA 95814

Dear Governor Davis,

I am writing to you today in behalf of the 800+ members of the Napa-Solano Audubon Society (NSAS) as a member of its conservation committee on the CALFED Bay/Delta program.

NSAS cares about protecting our rivers, bays and drinking water for its citizens and wildlife. We urge you to ensure the CALFED program:

1) Invests in water efficiency for at least seven years before even considering new dams or reservoirs.

2) Restores our rivers, bays, and fisheries by providing adequate fresh water and caring for the land around our rivers.

3) Improves water quality for people and wildlife by enforcing pollution limits.

4) Stops making taxpayers pick up the costs for studies of new dams and reservoirs that flood valuable habitat and remove needed water from our rivers.

Thank you for your time on this issue.

Sincerely,

Robin Leong

Member NSAS conservation committee
